

LEADWINN ACADEMY

PROGRESSION PLAN

Welcome to Leadwinn Academy

Leadwinn Academy is an innovative training academy dedicated to empowering kids and teens aged **6 to 18** with the skills they need to excel in today's digital world.

For the past **six years, we have trained students from Nigeria, the USA, Canada, the UK, and beyond**, helping them grow into confident thinkers, creators, and problem-solvers. Our tutor-led online classes cover a wide range of programs, including: **Computer Programming, Software Development, Game Design & Animation, Mobile App Development, Web Development, Product Design (UI/UX)**

Beyond technology, we also offer strong academic support in: **Mathematics, Science, Calculus, Music and other school subjects.**

At Leadwinn Academy, our mission is to build your child's **critical thinking, problem-solving abilities, and creativity**, while equipping them with skills that prepare them for future opportunities.

Join us and let your child learn, create, and thrive.

What Parents are Saying about Us

MRS ENAWORU

"I like the idea that my son is interested in the course and looks forward to the weekly sessions. The Tutor is also very patient with the kids and ensure that the kids

EUNICE ODEBIYI

I am impressed. My daughter knows how to carry out projects on her own. Her creativity now has another outlet! She really enjoyed it a lot. I recommend Leadwinn

MOJISOLA OYELERU

My son has been able to write a series of programs and do animations on his own. The coding program is very educative, easily comprehensive, and simplified. I
